Education

AKS university Satna Madhya Pradesh   **Jul. 2018 – May 2021**
Bachelor of Science in Computer Science (Information Technology)

AKS university   **Jul. 2021 – May 2023**
Master of Computer Application (MCA)

Experience

Ehawkers Marketing   **January 2025 – Present**
FullStack developer   *Indore, Madhya Pradesh*
- Working as a full stack developer specializing in the MERN stack (MongoDB, Express, React.js, Node.js) to build and maintain Web applications using React.js .
- Collaborating with cross-functional teams to deliver high-quality, responsive products with cross-browser compatibility.
- Actively participating in code reviews, offering constructive feedback to enhance code quality across the team, with a focus on both frontend and backend technologies including Node.js, Express.js, and MongoDB.
- Explored ways to visualize and send a daily report of test results to team members using HTML, JavaScript, and CSS.

Ehawkers Marketing   **June 2024 – January 2025**
Software Developer Intern   *Indore, Madhya Pradesh*
- Assisted in development of the front end of a Web application for iOS/Android using MERN.
- Worked with React js to manage user inputted data across multiple platforms including web Application.
- Collaborated with team members using version control systems such as Git to organize modifications and assign tasks.

Projects

Customer Relationship Management | *React.js, Bootstrap, Express.js, Node.js*
- Developed a full-stack **CRM system** using the MERN stack to help businesses efficiently manage their customer data, track sales leads, and improve follow-ups.
- **Customer Data Management:** Add, update, delete customer details with real-time database syncing.
- **Role-based Access:** Admin and sales user login with limited permissions.
- **Authentication:** JSON Web Tokens (JWT) with role access

E-Commerce | *MERN*   **Git**
- Developed a fully functional **E-Commerce web application** where users can browse products, manage their cart, place orders, and track deliveries all from a responsive and user-friendly interface.
- **Product Listing & Filtering** – Products displayed by categories, with filters for price, size, color, and more.
- **Admin Panel** : Admin can add/update/delete products, manage orders, and view user data.

Ehawkers Marketing Portfolio | *MERN*   **Explore**
- Developed a full-featured **portfolio website** using React.js that not only showcases my projects and skills but also integrates a **live job card system** where users can view available job opportunities and **apply directly** through a dynamic form.

   Built a backend using Node.js and MongoDB to handle job data and user applications. Implemented smooth animations, server-side integration, and EmailJS for instant application notifications.

Technical Skills

Languages: JavaScript, HTML/CSS and SCSS, BootStrap,React.js, Node.js, Express.js
Developer Tools: VS Code, Canva, Shopify, Postman
Version Control: Git and GitHub
Database Management: MySQL, MongoDB
Soft skills: Teamwork, Leadership, Problem Solving

Languages

English, Hindi

Certificate

Full Stack Development From Apna College
